I am not sure that the C & M station should be excluded from the operation of the rules of 15th July 1909. The only condition fixed is that the charities should be established within the Province. The C & M Station is an assigned tract for administrative and certain other purposes but continues to be a part of the Mysore State. Recently the state has exercised some powers over revenues of the tract.

The precedent of Mr. A. Narayana Swamy Mudaliar's charities supports this view of the case. The question that the charities are established in the station was not raised at all and it appears to have been assumed that the charities deserved the encouragement of Govt

I do not anticipate any difficulties. Of course there are the words "within the province" in the order of July 1909 but the C & M station need not be excluded. A perpetual deposit at 4% is not very bad for Govt. and while entitled to it is the satisfaction of helping a charitable object the offer need not be refused even if the charitable institution is located in the C & M. station. Of course an agreement which will legally justify the Govt in exercising control, withholding interest in case of mismanagement &c as contemplated in the rules should be taken

specially as I do not clearly see the nature of complications which may arise. Of course if the depositor refuses to execute an agreement giving absolute power to Govt. to withhold interest when in their opinion the institution is mismanaged so as to frustrate the charitable nature of the Chattram, it will be a different matter. In my opinion such charitable offers require sympathetic and favourable consideration. The C. M. Final Note by the First Councillor.

Subject: — Offer of a deposit of 20,000 Rs. by Tayamma as an endowment for charities founded by her husband.

Paper under discussion

Tayamma, wife of late Subraya Chetty, living in the Civil & Military Station put in a petition stating that she wished to deposit a sum of Rs. 20,000 with the Government of Mysore as an endowment for a chattram built by her husband in the Civil & Military Station and requesting that interest at favourable rates may be allowed as provided in Government Order No. Fl. 473-503-G.F.15-09-2, dated 15th July 1909. She is prepared to allow the Government to exercise full supervision over the charities.

In the Government order quoted above, sanctioning a higher rate of interest than what is realisable on Government of India Securities for charitable endowments, the concession is said to be allowable for charities within the State, but as the Civil & Military Station is theoretically an integral part of Mysore, the terms of the said order would not be contravened by the grant of the concession.

The Financial Secretary who was consulted in the matter, does not anticipate any difficulty and thinks that the deposit may be accepted.

There is a precedent in Rai Bahadur Arcot Narainsamy Mudaliar's Charities for accepting an endowment for an institution located in the Civil & Military Station and as the rules give us sufficient powers of supervision, I was of opinion that the deposit should be accepted.

155

The Dewan was at first doubtful whether the acceptance would not lead to complications as, in his opinion, the matter was not strictly covered by the rules, and wished to refuse the offer.

The Financial Secretary to whom the matter was again referred, gave it as his opinion that the offer deserved a favourable consideration as the charities in the Civil & Military Station are sure to benefit the population of the State directly or indirectly.

The matter was discussed in Council on the 9th instant and it was resolved that the offer may be accepted on the terms laid down in Government order dated 15th July 1909.
